The compiling of THE NEW GREENS has involved the Editors answering as much as 500 letters, as it has been their stated desire to provide in a more palatable form this information to a wide, interested and unashamedly grateful readership of these metropolitan circles. The aim of THE NEW GREENS has been to review the outside sources, whether in the letters received, or from the writer's technical side, and to have them collected by an extensive staff of Lester's vast output, creating in new publications of great value to the community.

Particular attention has been devoted to the grading of THE NEW GREENS, allowing the writer to become a skilled and informed author. Moreover, being fully aware of the value of a title to a standard in the community, the Editors have made each writer a subject of the choice of the character of the news.

BALDWIN . . . chosen by artists
for its marvelous tone quality
and smoothness of action!

HAROLD BALISE
chooses the Baldwin

Since 1870, the production of the Baldwin Piano has been one of the most brilliant in the world of music. At the school of Tschudi, he learned from the master in which he was considered a prodigy in the piano, and in the world of the music, understanding of the world with the harmonic background of the piano.

Baldwin Pianos

Baldwin builds pianos for every purse and purpose

CHOOSE YOUR PIANO
AS THE ARTISTS DO

Not only do artists of the piano choose the Baldwin as outstanding superiority is offered by artists, composers, conductors, and musical organizations.

But the most convincing demonstration of Baldwin's greatness is the opinion of thousands upon thousands of true music lovers the country over. They find in this supreme instrument a means of expression that elevates, inspires, and improves.

It's easy to see a Baldwin. Our Budget Plan makes it so. Baldwin Pianos are priced from \$1,250. An excellent credit plan will be sent on request. The Baldwin Piano Company, Cincinnati, Ohio.
